ONLY TWO CHANGES IN GODDARD FACULTY

Miss Mary E. Lease Succeeds Miss Alice N. Averill in Music Department and Robert S. Noble Takes F. E. Dexter's Place Next Year.

Only two changes are necessary in the faculty at Goddard seminary for 1916-1917, according to an announcement made to-day by Prin. O. K. Hollister. The substitution in the music department, and a successor has been appointed to fill the vacancy caused by the resignation of Fordyce E. Dexter, A. B., in structor in history and mathematics. Apart from these changes, the teaching staff is to remain intact and needless to say the effort to retain teachers who have been successful in their work at the school is in line with the policy of recog nizing experience as an important factor in maintaining an efficient faculty.

Miss Averill is succeeded by Miss Mary E. Lease of Waterbury, who is assigned courses in pianoforte, harmony the history of music. Miss Lease took the place of Miss Averill at the seminary in 1912-1913. For the past three years she has been in charge of the musical department at Hebron academy in Maine, where she had charge of a church choir and played the organ. Her training was received in Boston at the New England conservatory and with private teachers.

Mr. Dexter's successor is Robert S. ble, A. B., of Bethel. Mr. Noble was graduated from Dartmouth in the class of 1914. He will teach history and Eng-

The faculty roster for 1916-1917, then, will be as follows: Prin. Orlando K. Hollister, A. M., Litt. D., mathematics and economy; preceptress, Miss political Agnes S. Safford, English; Noah V. Barker, Latin: Robert S. Noble, A. B., history and English; Leslie A. Kinney, B. tha M. Bridges, commercial branches music; Miss Grace E. Bulkeley, domestic science and drawing; Misa Lillian K.

WHAT LIES AT BOTTOM OF CITY PROGRESS

CROSS LINE Prof. A. L. Smith of Dartmouth College Says That the Greatest Essential Is Men-Men with Vision, Initiative and Brains,

Basic principles in successful civic undertakings were interestingly discussed at a meeting of the Barre Board of Trade in Manufacturers' hall last evening. Prof. A. L. Smith of Dartmouth college Hanover, N. H., was the principal speak er, but the meeting, which was a repre-sentative assembly of Barre's business and professional men, partook of the na-BY SIX OTHERS ture of an open forum and a number of interesting phases of board of trade work were informally considered. Nearly 50 men were present and after Prof. Smith Threats Said to Have Been had concluded his talk opportunities suffragists Think They Got oncerning certain aspects of commercial

and civic advancement.

D. J. Morse presided and before the speaker of the evening was introduced A. P. Abbott outlined one of the advancement plans that the Board of Trade expects to put into execution in the near future. The plan was warmly received on all sides and the indications are that t will be strongly supported.

H. A. Phelps gave a report of the Board of Trade's activities and read excerpts from a communication addressed to the Wilson and submitted by the resolutions Barre Board of Trade relative to the committee, including the plank on Amer-Greater Vermont meeting at Montpelier leanism and that favoring woman sufattempt to cross the Rio Grande in the July 12 and 13 and stated that visitors at the meeting were to receive an invidits would meet energetic resistance were tation to visit the Barre manufacturing confirmed here on what is believed to be plants and quarries. It was also an nounced that a large delegation of local 26 Knots and Was Armed With Form 2 Land Court of White River Lunctions to put up an energetic fight to resist any possible crossing into Mexican into Mexican and Was Armed With Form 2 Land Court of White River Lunctions of the American into Mexican int him at once.

After the speechmaking, a get-together of an even more informal character took ever, it was voted into the platform by a place and a substantial buffet luncheon was served in the room adjoining the

Much that Prof. Smith had in store

for his hearers admirably supplemented the address which he gave before the Board of Trade last winter. While it was announced that he would speak on men." "The Possibilities of a Modern and Efficient Commercial Organization," the speaker permitted himself to digress at times in order to give the audience a better conception of all that enters into the maintenance of a successful community unit. To achieve results, members of the nomics teaches that there are four factors in the upbuilding of a town, power labor, capitul and a market. To this category, the speaker would add a fifth the region, which of late years has had only one or two isolated plants, is again only one or two isolated plants, is again becoming a marble center.

Sec. Baker, who is in St. Louis, no official would predict whether these orders. That factor, he said, is men. In an illuminating way he called attention to the development of such industrial centers as Detroit and Springfield, the latter in Vermont. Neither community had in-

> the only western city in New England, with its rather slow going neighbor, Hartford, and then again, Cleveland with Columbus, the twin cities, Prof. Smith stated that success in two instances was and in two instances to the fact that efcally unknown.

Success along the lines indicated, the sides. speaker went on, is more than a question of men; it is a question of organization He spoke of what organizations of a civicharacter may accomplish in the way of advertising New England as the play to-day by Prin. O. K. Hollister. The resignation of Miss Alice N. Averill on account of ill health made imperative a with the agricultural interests of the section where the board of trade is in trenched; and again of the necessity of combining interests with county agri cultural agents, with senators, representatives and others invested with author

> Every man is primarily interested in the betterment of his home. It is first in his thoughts and through what better medium can it be accomplished than through civic and commercial develop ment, he asked. Every man, to carry the principle to its logical conclusion, has a bigger investment in his town than in his business. No board of trade or civic organization, he continued, ever failed of its purpose if its members understood its Wednesday, June 21, from 2 to 9 o'clock,

Prof. Smith touched upon the credit and applications for second papers. where co-operation counts, of what may be saved through a co-operative effort to employ a qualified traffic expert and of conducting court in New York, will be in the advantages accruing from a perfect Montpelier early in July for the purpose understanding among the members of a of holding final hearings for citizenship community unit. Democratic Platform Was Built Just as He Desired to Have It

SUFFRAGE PLANK CAUSED A ROW

More Concessions Than from Republicans

St. Louis, June 17 .- The Democratic national convention finished its work yesterday by adopting the party platform exactly as approved by President frage, but not until the harmony of its three days' sessions had been disturbed with a row over the suffrage plank.

No voice was raised against the vigor convention that President Wilson himself considered it vital to party success, howballot of 8881/2 to 1811/4. The entire platform then was adopted without rollcall. As it went into the platform the suf

frage plank stands: "We favor the extension of the franchise to the women of this country, state by state, on the same terms as to the

The women suffrage leaders considered it a much more favorable declaration than they got from the Republican convention at Chicago; they threw all their force behind it and won the support of the administration leaders, who were found fighting for them when danger

TRADE WEEK OPENS WELL IN BARRE

Despite Unfavorable Weather Conditions. Many Shoppers Came to City for the Big Opportunities Offered.

Barre's trade week opened to-day in a manner that bodes well for days of extreme busyness to come. This in spite of the fact that unfavorable weather conditions prevailed. Out of town shoppromoters of the trade week program styled were preparing for an even larger influx of visitors this afternoon. Reports from the outlying towns indicate that the trade week plan is regarded as an excellent opportunity for shopping in the Barre market. Local merchants are predue to men and their civic organizations pared to handle all trade expeditiously and there is every reason to believe that fective civic organizations were practi- the co-operative results of the trade week program are to be realized on all
